

Kandil Egypt

PROJECTS LIGHTING

www.kandilegypt.com info@kandilegypt.com

Kandil Egypt

is the leading lighting manufacturer in Egypt with more than 500 workers and 3 main factories for different lighting lines. The company was established in 1976 as a producer for gold plated Chandeliers, later metal furniture line was added. Now our product line include cast bronze modern & classic plated tubes, murano, maria-teresa and fer-forge chandeliers.

Today we produce many lighting lines including classic modern and antic styles for houses and projects. Our products are distributed within Egypt, Arabian Gulf, North Africa, Europe and Latin America.

Starting from 2010 the factories will be moved to the new 10'000 square meter factory in Al Obour city in Cairo where new machinery and production lines are going to be used.

ISO 9001

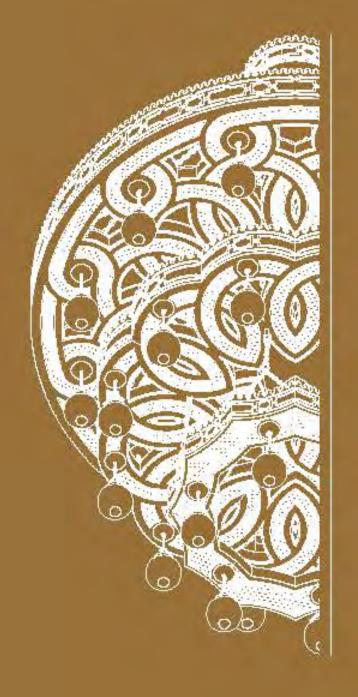

CUSTOMPRODUCTS

is the leading classical lighting manufacturer in Egypt, north Africa and middle east region with more than 500 workers and 4 main factories for different lighting lines. The company was established in 1976 as a producer for gold plated Chandeliers, later metal furniture and decorative metal products lines were added. In 2002 Kandil projects lighting was set as a separate division with its own production facility to enable it to acquire the maximum flexibility needed for custom made products for projects. Since then the division implemented the most prestigious projects in the region including the world's largest chandelier by Guinness world record in 2010 in Hassan Charbatley mosque in Cairo, lighting works for Haram in Mekka among many other mega projects in the MENA region and the world. Unlike our competitors we have gained high capabilities to produce decorative lighting products of different style and material e.g.; Islamic, oriental, classic, Maria-Theresa, Murano, modern, etc. And as we turn architects and designers vision into reality, starting from shop-drawings and stress calculations to production and site installation we do our work with passion and have our customers> satisfaction as the our main priority.

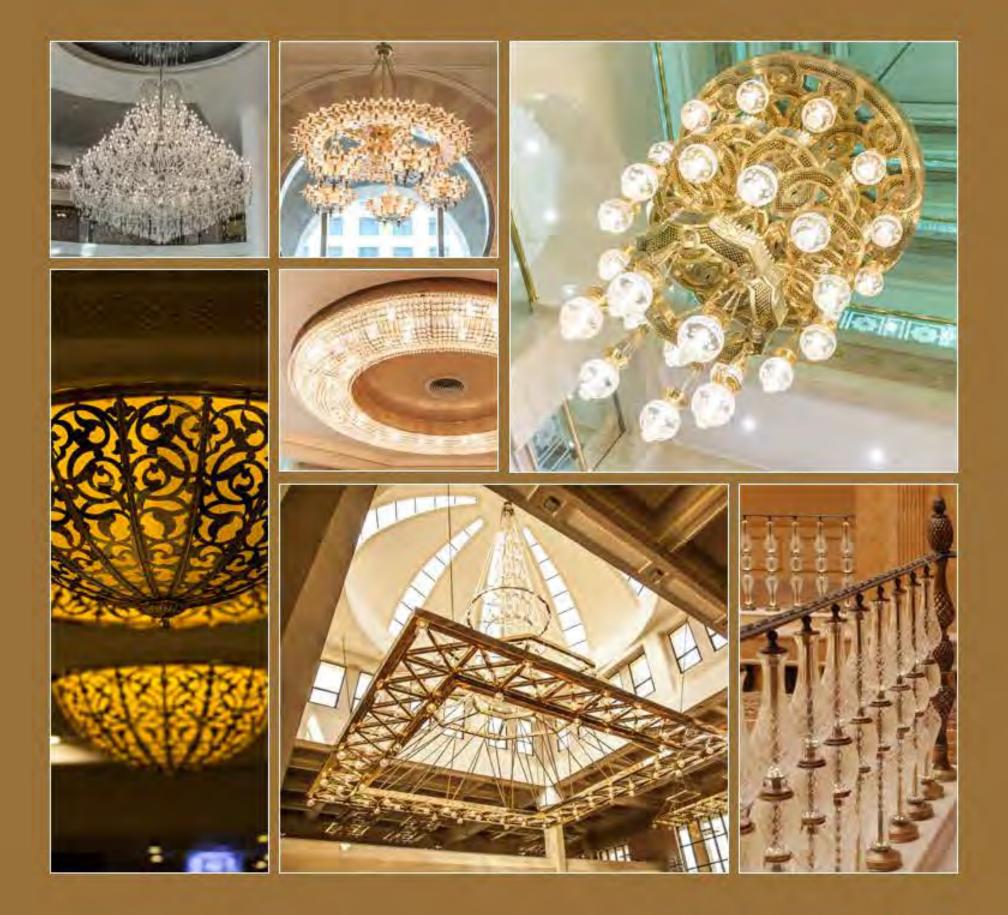

We are glad to present you some of our projects within this modest version of our portfolio
